## Yellow Diva

## M Series

Designed by David Walley  
Manufacturer Yellow Diva

The M Series embodies relaxation and wellbeing, evoking the simple mattress or futon.

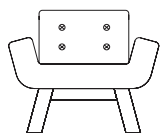

The series comprises a buttoned armchair, sofas, chaise longue, ottomans and coffee tables. Visually playful tactile buttoning adds rhythm and detail, the clean lines of the timber base allude to traditional Japanese joinery. Choose from a variety of upholstery fabrics and button colours with a choice of contrasting button cords.
