Yellow Diva

## Facet

Designed by David Walley  
Manufacturer Yellow Diva

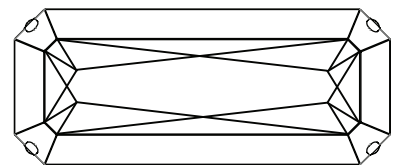

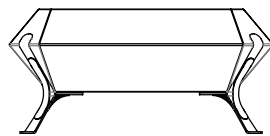

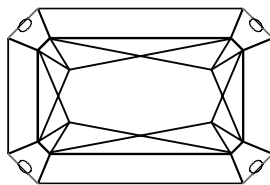

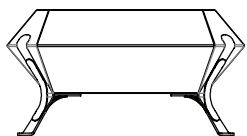

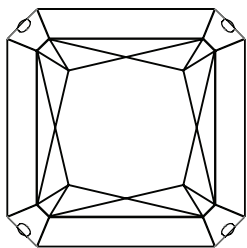

Referencing classic gem cuts - Radiant, Princess, Baguette - with a dash of playfulness and character, Facet ottomans pair strong geometric forms with uplifting intense colour and sensuous texture.

Emphasising the strong play of light and line, the seat is delicately clasped at each corner by a graphic polished steel leg setting. In sumptuous contrast, the plush quilted velvet upholstery belies its visually crisp angles, giving way to a soft seat with the pleasure of its feel on the skin, indulging the senses and enhancing an attitude of relaxed glamour.

Facet ottomans are locally made in Melbourne.
